I understand that I am purchasing this Beef live under contract and I am paying Kipp and Danielle Jaszewski, for managing my naturally raised Beef Cow. I am placing a deposit on the animal up front, and they are charging me on what the animal weights prior to processing. For the cost of raising the animal under contract to full slaughter weight, they will be charging me the price per lb, as listed above, on the live weight that the animal is to weight the day that it is taken to be processed on November 27<sup>th</sup>, 2017 or December 4<sup>th</sup>, 2017. Mountain Meadows is delivering the live animal for me to the slaughter plant, that I have discussed delivery to and I am picking up the meat product on December 16<sup>th</sup>, 2017 or December 23<sup>rd</sup>, 2017, or I have made alternate plans for pick-up. I acknowledge these terms in full agreement and I do not hold Kipp and Danielle Jaszewski liable in any terms that are not stated in this contract.
